AMERICA'S TOOTHFAIRY

KIDS DISPLAY BOARD KIT

Use this PDF Display Board Kit to design and assemble your own educational, fun display board intended for a preschool through elementary school audience. Set up your board at a health fair, school event, or another community gathering!

Overview

A complete Display Board will contain 3 panels that each measure 3 feet high by 2 feet wide. Dimensions of all panel components in this Kit were measured with this panel size in mind.

On all Layout Schemes, a symbol indicates a Question and Answer or Discovery Flap. Note the "Double-Sided Printing" bullet point underneath each of the Panel Descriptions below. For ease of set-up, be sure to print the pages listed underneath the bullet as double/two-sided, with long-edged binding.

For all Panel Components, and indicate "cut here."
FOLD HERE indicates "fold here."

Tip from America's ToothFairy

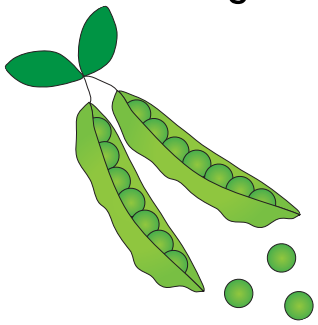
Dabble on toothpaste, the size of a pea,
then let your toothbrush go wild and free!



Tip from America's ToothFairy

Two minutes is the perfect amount of time,
to brush your teeth and get rid of bacteria and grime!

Tip from America's ToothFairy

Make small circles on the top, back, and front of each tooth,
to have your smile ready for a photo booth!
