David Silverstrom and Gary Silverstrom

THE SILVERSTROM GROUP

A visit to the Silverstrom group is unlike any dental experience you've ever had. From the moment you walk into the elegant, contemporary office it is clear the Drs. David and Gary Silverstrom love what they do.

"We treat every patient as if they're part of our own family," the doctors say. "We understand that you need a dentist you can trust, one who's honest and up front with you and who always places your needs and comfort before anything else. Your goals, your safety and your satisfaction will always be our highest priority."

This award-winning, full-service practice, recently named Essex County's Best Dentist, led by Drs. David and Gary Silverstrom, is staffed by a group of highly trained, friendly professionals who genuinely care about their patients. This patient-first mindset is the driving philosophy at The Silverstrom Group.

Their warm and caring environment fosters mutual respect and a high comfort level for their patients of all ages. They offer a comprehensive range of dental services, and every treatment is carefully tailored to meet the unique needs of the individual patient...all in one state-of-the-art facility.

Multiple services can be combined as part of a smile makeover or a full mouth reconstructive plan. The Silverstrom Group offers cosmetic, restorative, implant, periodontal and general dental services. The office features the latest technology which incorporates digital, laser and computerized dentistry to make the patient experience comfortable, convenient and as efficient as possible. Advanced optical imaging and computerized millings systems in their own on-premises laboratory enable them to craft stunning and durable restorations in one single visit.
