

*Trust the hands of...*

*Emilio M. Justo, M.D.*

**Eye Physician & Cosmetic Surgeon  
Founder & Medical Director**

“Over the years, many people have asked me my secret for creating beautiful results and achieving excellent vision for my patients. The answer is simple.....I listen carefully and attentively. I listen to all your desires and expectations, as well as any fears or anxieties. By doing so, I am able to create an individualized rapport and bond with each patient that is uniquely unsurpassed, and I also make sure and relieve any concerns by answering all of your questions. The best part of my life’s work is seeing the outstanding positive benefits that either visual rehabilitation thru modern cataract surgery may achieve, or the increased self-confidence and self-esteem resulting from facial or body cosmetic surgery. It’s this type of human contact and positive feedback that keeps me practicing.....and smiling!”

ARIZONA EYE INSTITUTE  
& COSMETIC LASER CENTER

*Creating beautiful results with experience and compassion*

## *Education and experience you can trust*

“Building upon a solid foundation of 20+ years of experience practicing in the Sun Cities has allowed me to focus my attention on providing you with the type of medical care you demand and deserve. Nothing compares to seeing a patient walk out of my office with a smile due not only to expert ophthalmic or cosmetic surgery, but because of a first-class pleasurable and memorable experience, as well.”

**DOCTOR OF MEDICINE:** University of Michigan Medical School

**LICENSED:** State of Arizona

**BOARD CERTIFIED:** American Board of Ophthalmology

**DIPLOMATE:** National Board of Medical Examiners, American Board of Ophthalmology

**FELLOW:** American Academy of Cosmetic Surgery, American Academy of Ophthalmology

**INTERNSHIP:** St. Vincent Hospital & Health Care Center, Indianapolis, IN

**RESIDENCY:** Ophthalmic & Laser Surgery, Washington Hospital Center, Washington, D.C.

## *Continually gaining knowledge*

“My education did not stop with medical school or residency. Treatments, medications, lasers, surgeries, and lens implants that were unheard of when I graduated are revolutionizing the fields of ophthalmology and cosmetic surgery today. That’s why I continually meet and share ideas with other medical professionals of various disciplines. I stay current on the most recent techniques and include the ones that I find to be effective and proven in the care that my team and I provide.”

**CONTINUING EDUCATION:** Completes over three times the yearly minimum

**MEMBER:** American Academy of Ophthalmology, Arizona Ophthalmological Society, Phoenix Ophthalmological Society, American Academy of Cosmetic Surgery, American Society of Liposuction Surgery, Arizona Society of Cosmetic Surgery, Arizona Medical Association

## *Reaching beyond my practice*

“My family and my spiritual faith continue to inspire me to commit myself to lifelong learning inside and outside of medicine, and to share this knowledge by volunteering my clinical skills at home and abroad. I remember the first time I volunteered my services in a foreign country. Most of the people I treated could not afford one meal a day, let alone health care. When I saw the faces of those individuals who were so happy and appreciative to have someone take a sincere interest in their health, it gave me an entirely new perspective on what I do.”

**VOLUNTEER:** Coordinated and participated in mission trips to Mexico and Cuba to provide modern medical and surgical eyecare to underprivileged people

**TEACHER:** Assistant Clinical Professor at Midwestern University’s Arizona College of Osteopathic Medicine and College of Optometry
