DENTAL INTERVIEW

We take pride in the care that we give to our patients, and this becomes possible when we know more about you. Because everyone is so different, and has different wants and needs, I’d like to ask you a few questions today before we get started on your complete exam.

Who may we thank for recommending us to you?

How can I help you today?

Have you had difficulty going numb at dental visits in the past?

When was your last dental visit? What for?

What’s most important to you in the DENTAL CARE you receive? (list your 2 rules)
1.
2.

What needs to happen while you are here to achieve this care? (list your 2 rules)
1.
2.

Why did you leave your last dentist?

What else would you like to share with the doctor about your care/and or needs?

Y  N  Do you LIKE your smile?

Y  N  If I could show you an easy and safe way to lighten your teeth, would you be interested?

Y  N  Today’s dentistry has made great advances. We can instantly straighten upper or lower teeth in just 2 visits. Does this interest you at all?

If you could wave a magic wand and change your teeth or smile, what would you change?

Y  N  Do you have pain in any teeth currently?

Hot, cold, sweets, biting pressure, location: UR  LR  UL  LL

Y  N  Do you think you might have some cavities now?
