

For Your Safety

These instructions should be followed to ensure that your surgery can be performed safely as scheduled without delay:

- **DO NOT** eat or drink anything after midnight the night before surgery, or the morning of surgery (except for certain medications with sips of water). Do not eat or drink within 8 hours of an afternoon surgery.
- Arrive at the facility 1 hour prior to your surgery time, or as instructed by your doctor's office.
- All patients are **REQUIRED** to have a responsible person provide transportation home and stay with them 24 hours following surgery.
- ALL patients are **REQUIRED** to have pre-testing, unless otherwise directed by your surgeon. Pre-testing should be performed at least a week prior to surgery to allow time to address problems and to avoid cancellations.

Associates Surgery Center

High quality in-office surgery

Attention to Detail

What is Associates Surgery Center?

Private and Safe Environment

Where the Entire Experience Matters

Admission

You may schedule surgery at Associates Surgery Center, located within our office, after your doctor has evaluated you and you have determined the procedure that is best. Patients and the planned surgical procedure should be appropriate for out-patient care. Your physician will make all the necessary arrangements and ensure that you are fully prepared for surgery.

What is Associates Surgical Center?

Associates Surgical Center is an in-office surgical center committed to the highest quality of care. It was created to provide cosmetic and self-pay patients with an affordable, safe, and private surgical experience. Associates Surgery Center performs outpatient surgical procedures that usually allow patients to go home the same day. The center is privately licensed through the American Association for Accreditation of Ambulatory Surgery Facilities, Inc. (www.aaaasf.org).

Objectives

Associates Surgery Center provides a pleasant atmosphere that is conducive to cosmetic surgery because it was designed for plastic surgery patients by board-certified Plastic Surgeons. Your surgeon supervises and controls your care at every level.

Procedures

At Associates Surgery Center, numerous outpatient cosmetic and self-pay surgical procedures are performed by specialists with years of experience in the artistic discipline of Plastic Surgery. Your surgeon will take the time to ensure the best results in the comfort of a private, meticulously maintained surgical suite.
