

SALUTE TO EXCELLENCE

AESTHETIC DENTACARE: FINDING YOUR SMILE

Our smiles are how we greet the world, and Dr. Nathaniel Podilsky, General Dentist, wants to help your smile be the best it can be. With two established and respected practices in Edmonton, and years of cosmetic dentistry experience, he's certainly the man for the job.

aesthetic DentaCare offers a wide variety of procedures to help find the ideal solution for each patient. Invisalign technology to straighten teeth, whitening services to brighten your smile and porcelain veneers. Dental implants and bonding will help weak teeth. Whatever your cosmetic dental needs, Dr Podilsky and his team have the answer. With the latest technology and techniques, they'll create a brand new smile – and a brand new you.

aesthetic DentaCare prides itself on five-star service. Each room is equipped with a television, and your hands will love the paraffin wax treatments. To truly see the effects of your procedures, complimentary before-and-after photo sessions with a professional photographer capture the amazing transformation of your smile. As one of Dr. Podilsky's new patient's said: "This was the best dental experience of my life".

At aesthetic DentaCare, patient education is the number one priority, so every procedure is explained in detail, and every question is clearly answered. Begin your journey with Dr Podilsky by calling for a complimentary consultation today.
