CARE OF THE MOUTH ONE (1) WEEK AFTER SURGERY

1. Continue rinsing with Chlorhexidine (Periogard) 2 times per day until the prescription is finished.
2. Begin light brushing and using the proxybrush as soon as tolerated. DO NOT floss the area for another 2 weeks.
3. Avoid hard and crunchy foods for an additional week.
4. You may experience sensitivity to hot and cold over the next few days. This will gradually get better within the next few weeks. If it does not, please contact us.

If you have any questions please do not hesitate to contact us. The office telephone number is (732) 517 – 9800
