Course overview

This is a comprehensive 2-day surgical immersion course in the All-on-4® treatment concept. Participants will learn the complete surgical protocol using the All-on-4® treatment concept from diagnosis to implant placement. Lecturing will culminate with participants performing their own surgery using the All-on-4® treatment concept on human cadavers. This course is designed to give the surgical doctor all the necessary knowledge and hands-on surgical experience to incorporate the All-on-4® treatment concept into daily practice. We will discuss the history, literature, surgical protocol, same-day conversion to a fixed prosthesis, and in-depth treatment planning sessions. Attendees will watch two previously recorded videos with narration of “live” surgery using the All-on-4® treatment concept.

Highlights

- 2-day hands-on cadaver course: perform case using the All-on-4® treatment concept from incision to suture with placement of implants and abutments, and perform a same-day fixed bridge conversion.
- View 2 previously recorded “live” surgeries using the All-on-4® treatment concept.
- Watch extensive videos of clinically relevant steps.
- Learn proper flap design, flap elevation, and location of vital anatomic structures.
- Learn indications for standard, hybrid, and quad zygoma treatments using the All-on-4® treatment concept.
- Learn proper case selection and discussion of difficult cases.
- Clinical pearls.
- Understand the laboratory needs and how to convert your own same-day fixed prosthesis.
- Discuss the steps in the finalization process and in-depth review of final restorative materials.
- For participants, mentoring is available for your first few cases using the All-on-4® treatment concept.

Additional live surgery on June 2

Only participants of the May 31–June 1 hands-on cadaver course can attend this live surgery featuring All-on-4® treatment concept. 6 CEUs will be provided by Nobel Biocare.

Sunday, June 2, 2019, 8:00 a.m. – 12:00 p.m.

Location: Texas Dental Center

100 N. Central Express Way, Ste. 130, Richardson, TX 75080

Tuition: \$950 US

Attendance is limited; please RSVP. You may use the registration form on the reverse side of this invitation to reserve your attendance for this follow-up training, or call Texas Dental Center at 972.808.6008.
